Air & Powered Equipment Price Catalogue

2010 Austech Price List

www.austechindustries.com.au

Limited Warranty

Austech products are warranted for the period specified below, from date of sale to the original purchaser. This warranty covers faulty workmanship and materials only.

Accessories as pads, blades, retainer springs, chisels, chucks or any other such attachments are not included.

Products which are being claimed for warranty are to be returned to Austech or an appointed warranty agent freight prepaid with your name address, adequate proof of date of purchase and short description of the defect. This warranty does not apply to products which have been abused, misused, modified or repaired by anyone other than an Austech appointed repair agent.

Austech's sole liability under this warranty is limited to the repair or replacement of the defective product. The decision to repair or replace remains solely at the discretion of Austech Industries only and the repairs or replacements are warranted as described above for the remainder of the original warranty.

Terms & Conditions

- Prices are subject to change without notice.
- This is a wholesale price list. Prices do not include GST. GST will be charged at the ruling rate which is currently 10%.
- Trading terms are strictly 30 days to established accounts only.
- Title does not pass in goods invoiced until payment is made in full. Claims will not be recognised after 14 days from delivery of goods.
- Returns must first be authorised by our office, freight pre-paid, showing documents with the original invoice number. Returns are subject to a 15% re-stocking fee and will only be accepted if goods are received in an unused and resalable condition.
- There is a minimum invoice value of \$50.00. For details on FIS and freight charges, please contact your Austech office for details.

Now at the heart of the new range of Scorpion Petrol Powered Equipment, Torini Industrial Engines offer a long service life and reliability when you need it most. TORINI "The little Bull" is tough and powerful just like its name, fully backed by a 3 year nationwide manufacturer's warranty.

- Fast starting
- Transistorised ignition
- Smooth operation
- OHV (over head valve)
- High efficiency
- Low oil protection

Meet your expectation with a Torini Engine.

Scorpion Generators are manufactured using the latest technology. At the heart of the new range of Scorpion Generators is the industrial "Torini" engine, offering reliability and long service life when you need it the most.

There are three choices of Alternators: Heavy duty copper, sine wave heavy duty copper and digital inverter.

Scorpion also offers a choice between petrol & diesel, 2-stroke & 4-Stroke motors so that you can choose the unit that is just right for you. Talk to your Scorpion dealer for more information.

Scorpion has teamed up with world renowned manufacturer Annovi Reverbi to offer the ultimate range of high quality pressure cleaners.

The Italian manufacturer offers a variety of superior functions, even in the smallest for the home handy man. All electric units are equipped with TSS (Throttle Stop System) to ensure a long service life.

The petrol powered units are equipped with TORINI engines to give you ultimate performance (SPW2500P and SPW3600P)

TORINI engines have a 3 year warranty to give you piece of mind when making your purchase decision.

SPW1300P is equipped with a 2-stroke Scorpion engine.

SPW1500P is equipped with a 4-stroke Scorpion engine.

SP Professional Tools and Compressors are renowned for their range, quality and innovation in air operated products.

With over 32 years of experience and many of our patented designs created in-house, you can always trust SP Professional Tools.

- The world's finest automotive impact wrenches
- Ratchets with induction hardened heads to minimise the risk of spreading
- Latest technology bodies – low weight – high strength
- SP Air Tools satisfy the requirements of EC Machine Directives (89/392 EEC, 91/368/EC)

SP Construction Series Compressors and Nailers are designed for Australian construction sites – tough and lightweight to handle any demand.

- Compressors all run on 10amp outlets
- Unloading valve for easy start up
- 10 bar pressure for operating nailing equipment
- 3 year industrial warranty

The SP-7131 comes with an ergonomic polymer grip. It also has a larger motor producing higher torque and a 360 degree air inlet swivel. It has an adjustable rear exhaust.

SP Ratchet Wrenches have an induction hardened ratchet head which minimises the risk of spreading and lessens the likelihood of loss of power.

SP Air Ratchets are tested in accordance with ISO Standards 2787, 8662 and 3744. If you want to increase the life of your air ratchet, do the initial loosening and final tightening of a bolt by hand. You can use your air ratchet as a hand ratchet but the key is don't ask anymore of it than you would a normal hand ratchet. If a hand ratchet won't undo it, then neither will your air ratchet.

**Scorpion Superior Air –
Australia's own generation of
compressors and air tools.**

**Designed and developed in
co-operation with Australian industry, our
product development team uses a 3 tier design strategy of durability,
efficiency and value for money. Scorpion boasts an extensive range
covering industry sectors, ranging from automotive mechanics to
manufacturing.**

**We guarantee our products for superior quality, reliability and
efficiency. When performance counts, you can count on Scorpion.**

- Compressors - direct drive, belt drive and petrol driven
- Low, high, gravity and suction fed spray guns
- Comprehensive range of air tools
- Air fittings manufactured from high quality brass and steel

Scorpion nailers
